Budget draft request relating to recycling service contracts

I am requesting statutory language be drafted for inclusion with the 2005-07 biennial budget bill.

The draft will modify the appropriation account under s. 20.370(6)(br) *Environmental* aids waste reduction and recycling demonstration grants to accommodate service contracts with private entities.

Suggested language to effect the change would be:

For the funding of recycling contracts with not-for-profit organizations or groups with the intent to improve waste reduction, recycling and reuse opportunities in the business sector not to exceed \$500,000 annually.

Changes to authorization language under s. 287.25 Waste reduction and recycling demonstration grants are also needed. Please note that the contracts would not be subject to the current statutory limit of \$250,000 under s. 287.25(5)(b).

If you have any questions, please contact me at andrew.statz@doa.state.wi.us or 266-7329.
